FURNITURE

A combination of different shapes, new designs and materials gives rise to new aesthetic creations. The new Niko Bathrooms furniture range offers style and function, allowing you to create a multitude of stunning designs.

NEW TECHNOLOGY ENHANCING DESIGN

ROCKLITE

INNOVATIVE WASHBASIN PRODUCTION ADVANCED TECHNOLOGIES

The innovative thin walled ceramic technology create beautiful, visually light products, which are still extremely durable. With this technology products are designed, sporting unique features that would not be possible with traditional technologies.

Look out for our
RockLite Symbol

ROCKLITE
THIN
BASINS

ROCKLITE

THIN EDGE

MODIFIED GLAZE
suitable for the thin edges
of thin-walled washbasins

CERAMIC MASS
WITH INCREASED PROPERTIES

Creating unique looks with ceramics is possible thanks to the use of modified mass, which provides greater durability.

The mass is less susceptible to deformation when heat-treated, and is much more durable.

The new development of a modified type of glazed is ideal for the thin edge of thin-walled washbasins. It ensures a perfect coating every time, giving the ceramic surfaces a smooth and evenly white finish.

The washbasins made using the new material feature thin edge, are extremely durable and resistant to impact, as well as being easy to clean. They are also much lighter than traditional washbasins.

ADVANCED TECHNOLOGIES

NEW TECHNOLOGY ENHANCING DESIGN

AQUASAFE

Look out for our
AQUASAFE
Symbol

AQUASAFE
PROTECTION ON
FURNITURE

AQUASAFE boards are denser than regular boards, with the fibres being filled with a moisture proofing agent featuring anti-fungal properties. AQUASAFE boards have better absorption and swelling properties than traditional boards.

Standard board

High-density board,
reinforced with a special
glue and containing an
anti-fungal agent

EFFECTS OF MOISTURE

Moisture causes standard boards to split and swell

AQUASAFE

INCREASED MOISTURE RESISTANCE TECHNOLOGY

Compared with the materials used in traditional furniture, AQUASAFE boards do not split or swell when in contact with the moisture present in bathrooms. This makes them more durable and stronger, so that the furniture remains in perfect shape for years.

AQUASAFE boards
do not change their properties,
even in high moisture environments

ANTI-FUNGAL AGENT
to reinforce the fibres

INCREASED DENSITY
thanks to the use of a specially
modified glue

CERAMICS

The ceramic installation is often the centre point for design within a bathroom space. Our collection offers multiple options in both basin & WC options.

NEW TECHNOLOGY ENHANCING DESIGN

ROCKLITE

INNOVATIVE WASHBASIN PRODUCTION ADVANCED TECHNOLOGIES

The innovative thin walled ceramic technology creates beautiful, visually light products, which are still extremely durable. With this technology products are designed sporting unique features that would not be possible with traditional technologies.

Look out for our
ROCKLITE
Symbol

ROCKLITE

THIN EDGE

MODIFIED GLAZE
suitable for the thin edges
of thin-walled washbasins

CERAMIC MASS
WITH INCREASED PROPERTIES

Creating unique looks with ceramics is possible thanks to the use of modified mass, which provides greater durability.

The mass is less susceptible to deformation when heat-treated, and is much more durable.

The new development of a modified type of glazed is ideal for the thin edge of thin-walled washbasins. It ensures a perfect coating every time, giving the ceramic surfaces a smooth and evenly white finish.

The washbasins made using the new material feature thin edge, are extremely durable and resistant to impact, as well as being easy to clean. They are also much lighter than traditional washbasins.

SHOWER VALVES

It's often what's hidden behind the finish that makes all the difference. All of the valves in the Niko Bathrooms Collection have passed stringent tests for quality and all work in harmony with our Brassware Collection.

AKW ARKA CARE SHOWER VALVE

This gorgeous, simple to use Chrome Mixer Shower provides a stunning centre-piece to any shower. It features an easy-grip shower head with five different spray patterns and simple push buttons to adjust the height of the shower head. This package combines the popular Mixer Shower along with our Mixer Shower Care Accessory Kit which mixes ultimate style and a subtle design along with strong support when showering such as the sturdy stainless steel grab riser rail and extended 2 metre long shower hose which is a great help for assisted showering.

FEATURES

- + Integral stainless steel grab riser rail for additional support and peace of mind
- + Easy grip shower head with grey rubber petals for quick spray pattern adjustment
- + 5 Spray pattern settings for maximum showering comfort
- + Extended 2 meter shower hose ideal for assisted showering
- + Easy push buttons for shower head height adjustments.
- + Soap dish & shelf included as standard and situated within easy reach for user
- + Additional shower head bracket for alternative positioning within the enclosure
- + Hose retaining ring included to prevent shower head being dropped and contaminated
- + 1 metre riser rail can support up to 150kg
- + Fully approved by the Bathroom Manufacturers Association (BMA) as a Water Efficient Product

The Aqua Clear glass protection is a necessary feature of a shower enclosure. Our Aqua Clear glass protection system is innovative and highly beneficial. It creates a protective coating which won't discolour, peel or crack thus reducing the cleaning time. The 'non-stick' protective coating prevents limescale build-up and water spots while hindering bacteria growth for a more hygienic environment. This unique protection system is applied to all Aqua Enclosures and screens as standard.

**NORMAL
GLASS**

SHOWER DOORS & WETROOMS

Shower doors can make quite a statement when you walk into your bathroom. Clean elegant lines, high quality levels of engineering and manufactured with 'Aqua Clear' glass to help maintain its sheer beauty. A combination of function and beauty is encompassed within all shower doors in the our range.

SHOWER TRAYS

Whatever shower tray you require; designer, wet room or low-profile trays - we offer a multitude of options for you to choose from. CE certified and manufactured to the highest standards, our shower trays meet almost every requirement. You may even find yourself getting some new ideas!

ELEMENTS SHOWER TRAYS

The Elements range of low profile shower trays are only 40mm high and they lend themselves to the latest bathroom trends and includes all the benefits of a solid cast stone shower tray. These shower trays suit any installation and makes it quick and easy to install.

FEATURES

- + 40% Lighter than a high wall stone resin tray
- + Solid cast stone shower tray
- + Made with WRAS approved phthalate free materials
- + 25 years guarantee
- + ABS finish
- + Waste position - W1

All shower trays come with fluidmaster shower waste as standard.

All prices are recommended retail and include VAT at the current rate. The prices and specifications shown within this catalogue are for information purposes only and as we continually update our products, they may be subject to change without prior notice. E&OE.

The images/photographs included are for guidance purposes only and are limited to the constraints of the printing process. All measurements are in millimetres, unless otherwise stated. This edition supersedes all/any previous editions. Though all of our products carry a guarantee, as stated, which covers against manufacturing defects when used in normal domestic applications (excluding serviceable parts, accidental damage neglect or abuse), please ensure that your product is fitted/installed by a competent and qualified installer and according to the manufacturer's instructions and cleaned and maintained according to the manufacturer's instructions. Certain moveable parts may be subject to wear and tear through usage and are therefore covered for 12 months from installation. The guarantees stated will never cover any consequential loss. Full terms and conditions are available upon request.
